CBOSE announces the implementation of the **Eco-Friendly Examination Policy – 2025**, an environmental reform aimed at reducing paper consumption, promoting digital submissions, and encouraging green governance across all affiliated centres.

All institutions must use recycled paper for assignments, adopt QR-coded digital admit cards, facilitate digital attendance, and transition to eco-friendly materials during examinations. Practical exams will incorporate digital demonstration submissions wherever suitable, reducing physical waste.

This policy aligns with national environmental goals and reflects the Board’s commitment to sustainable academic governance.
